

SLIDING SHELF

This shelf is used for placing the equipment's/keyboards inside the cabinet and can be pulled out. It is available in different sizes. These shelves allow equipment to slide in and out of the rack for maintenance, installation, and troubleshooting without needing to remove the entire unit from the rack.

FEATURES

- Adjustable to fit rack widths from 19" to 23"
- Supports weight capacities from 13 kg to 45 kg, depending on construction
- Made from heavy-duty steel for strength and durability
- Ball-bearing rails ensure smooth sliding for easy access
- Tool-less installation allows for quick and hassle-free setup
- Sliding design enables easy maintenance without equipment removal
- Maximizes vertical rack space for better organization
- Pull-out feature enhances airflow and cooling efficiency
- Provides quick access to equipment, reducing downtime
