

# Outdoor Projection Speaker,20W

Projection Speaker

## DESCRIPTION

The NVS-EN20JS is an EN54-24 certified sound projector designed for public address (PA) systems, featuring an integrated transformer for seamless operation in 100V line systems. Engineered for outdoor applications, it delivers high-quality audio for both background music (BGM) and speech paging, ensuring excellent clarity and intelligibility. Its robust construction makes it ideal for installation in environments such as schools, offices, hotels, and airports, providing reliable performance for music distribution and public announcements.

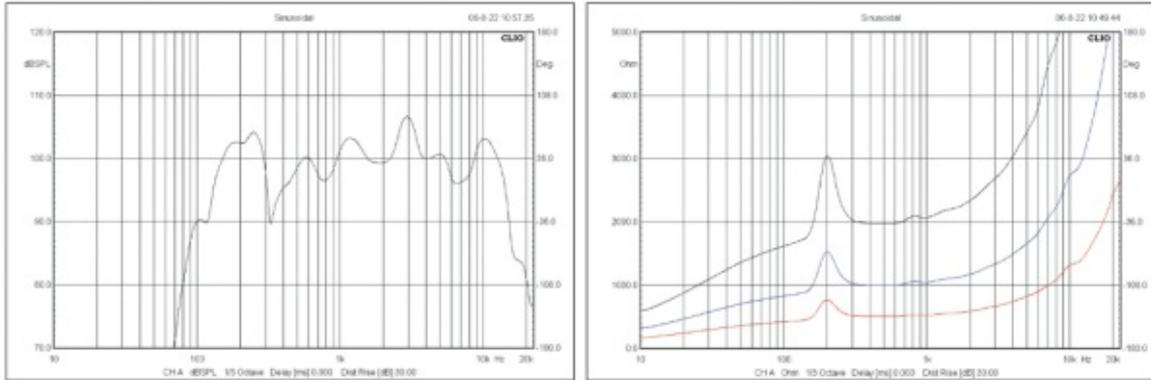

## FEATURES

- ⦿ Features a 6.5-inch polypropylene (PP) full-range waterproof woofer for clear and durable sound performance
- ⦿ Rated power options include 20W, 10W, and 5W, offering flexibility for various sound requirements
- ⦿ IP66 waterproof rating for reliable outdoor use
- ⦿ Built with an aluminum enclosure and a stainless steel mounting bracket, finished in white for durability and aesthetics
- ⦿ Equipped with a built-in ceramic connector and 95°C fire-resistant cable for compliance with safety standards
- ⦿ Includes two AB waterproof glands for enhanced weather resistance
- ⦿ Quick and secure installation using the supplied stainless steel mounting bracket

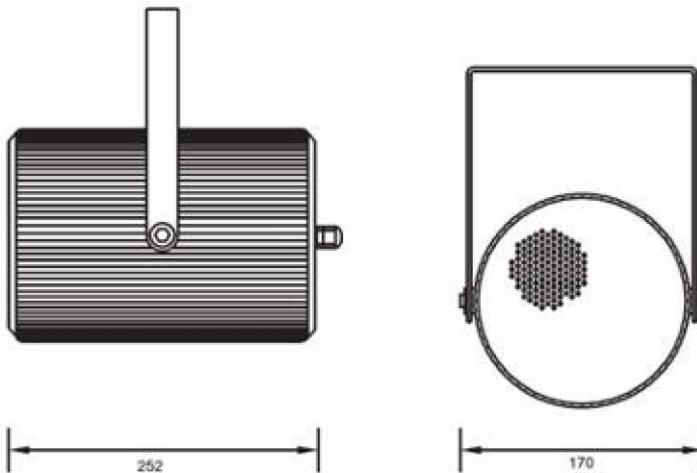

Specifications	
Model	NVS-EN20JS
Rated Power	20W
Driver Unit	6.5" PP full range waterproof woofer
Material	Aluminum enclosure and stainless metal bracket in white
Frequency Response	110Hz-15KHz
Sensitivity(1m,1w)	92dB
Maximum SPL (1m)	105dB
Input Voltage/Impedance	70V/100V, 8Ω
Power Rating Options	20W/10W/5W
Input Connector	Two AB waterproof gland
Dimension	Φ170×252mm
Weight	2.8kg
