

Waterproof Outdoor Column Speaker, 40W

Column Speaker

DESCRIPTION

The NVS-EN40CS is an EN54-24 certified outdoor column speaker with an IP66 waterproof rating, offering 40W, 20W, 10W, and 5W power tapping options and 8 Ohm impedance. It supports both 100V and 70V systems and ensuring compliance with EN54 standards for public address and voice alarm systems. The NVS-EN40CS is ideal for outdoor music and speech applications in environments such as factories, schools, offices, hotels, and airports, offering reliable sound performance and durability for public address and voice alarm systems.

FEATURES

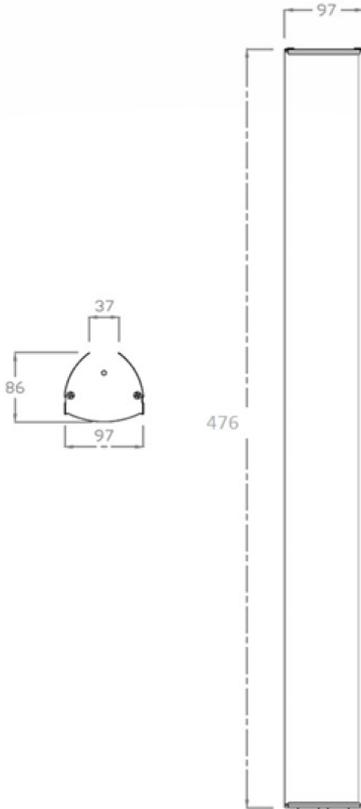

- ◉ 95°C fire-resistant cable and integrated thermal fuse for enhanced safety
- ◉ IP66 waterproof level, ensuring protection against dust and high-pressure water jets
- ◉ Supports 100V, 70V, or 8 Ohm input via a fire-resistant cable tail with a waterproof gland for secure connections
- ◉ Aluminum alloy enclosure/grill and top covers in white, providing durability and aesthetic appeal
- ◉ Quick installation with a 360-degree rotatable stainless steel mounting bracket for flexible positioning
- ◉ Includes EASE data for 3D electro-acoustic modeling and simulation for optimal sound design

Specifications	
Model	NVS-EN40CS
Rated Power	40W
Driver Unit	4×3" fire resistant speaker system
Frequency Response	150Hz-18KHz
Power Taping Options	40/20/10/5W
Input Voltage/Impedance	70V/100V, 8Ω
Sensitivity (1m,1w)	92dB
Maximum SPL (1m)	108dB
Input Connector	By fire-resistant cable tail with waterproof gland
Dimension	97×86×476mm
Weight	3.0kg
